arira ai

GROUP FINANCE · CHARTERED ACCOUNTANT

Finance Senior Executive

Run a group's accounting with AI doing the execution

We are a growing, multi-country group. You own receivables, make sure every compliance obligation is met, and the books close cleanly every month. The accounting itself is executed by AI. You set it up, direct it, check its output and own the numbers. This is a role for a Chartered Accountant who wants to run finance the new way.

DEPARTMENT Group Finance	LOCATION Mumbai	WORK MODEL On site, full time
EMPLOYMENT TYPE Full-time, permanent	REPORTS TO AVP Finance	TRAVEL Occasional

Why join

AI-run accounting

AI executes the accounting work. You spend your time on judgement, review and control, not on data entry.

The whole group, across countries

You see the finances of the whole group, not one ledger, and you are the person who knows the numbers.

Real ownership

You own receivables, compliance and the close end to end, and your work is visible to senior leadership.

Finance Senior Executive

Mumbai · Vacancy reference FSE-2026

WHAT GOOD LOOKS LIKE

Cash coming in

Invoices go out on time and receivables are collected within agreed terms.

Compliance

Every filing and statutory obligation, in every country, is met on time. Nothing is missed.

Books closing and accounting

The books are accurate and close cleanly every month, with the accounting executed by AI.

WHAT YOU WILL DO

01 Run the group's accounting with AI executing the work: set it up, direct it and check every output.

02 Keep the books accurate and up to date across the group.

03 Run invoicing and receivables, and collect within agreed terms.

04 Run payables: check bills, schedule payments and keep vendors reconciled.

05 Close the books every month and write a clear month-end note.

06 Reconcile banks, intercompany balances and ledgers.

07 Own the compliance calendar across countries so every obligation is met on time.

08 Prepare what the tax team needs, accurately and on time.

09 Keep improving how AI is used across the finance work.

10 Support audits and keep the evidence trail clean.

REQUIREMENTS

What you bring

- Qualified Chartered Accountant (ICAI member).
- 2+ years post-qualification.
- Has closed the books for more than one business.
- Hands-on experience with modern cloud accounting software.
- Strong grasp of statutory compliance.
- Multi-country exposure is a plus.
- Wants AI to execute the accounting, and checks its output with care.
- Clear, accurate written month-end notes.
- Able to join quickly. Shorter notice periods are preferred.
